Linda Zaunbrecher and her husband Wayne, who was deceased in 2015, have been lifetime residents of Vermilion Parish and rice and cattle farmers. Prior to his death, Wayne was a board member of the Vermilion Parish Farm Bureau and Treasurer of the Louisiana Rice Promotion Board.

Linda has been active on the state level as 3rd Vice President of the Louisiana Farm Bureau Federation Board, Chairman of the State Women's Committee, Chair of the Coastal and Wetlands Committee, and a member of the Foundation's scholarship committee since its inception. Both have been avid supporters of agricultural education.

To honor their years of volunteerism and service on behalf of Louisiana Farm Bureau, we have renamed our scholarship "The Linda and Wayne Zaunbrecher Scholarship."

**LINDA & WAYNE
ZAUNBRECHER
SCHOLARSHIP**

*A four-year scholarship dedicated to
helping you achieve your goal of
being a Louisiana Ag Professional*

More than 300 career choices in agriculture.
**THE LOUISIANA FARM BUREAU FOUNDATION OFFERS
YOU 8,000 REASONS TO CHOOSE ONE.**

Louisiana Farm Bureau is a voluntary organization of farm and ranch families that works to achieve legislative and economic benefits for its members. Through its strength as the state's largest general farm organization, it is the "Voice of Louisiana Agriculture" for all matters important to farm families, agribusiness, and others who share our philosophy.

We are vitally interested in having the business of agriculture run by future generations of farm and ranch families. To help achieve this goal, we formed a tax-exempt foundation to award scholarships to deserving students pursuing careers in agriculture. We awarded the first two scholarships in 1993, and since then we have awarded 150 scholarships — for a total of \$229,500 — to assist graduating high school seniors in their first year of college.

In 2017, we will award five \$2,000 scholarships to applicants submitted by the parish Farm Bureaus. The winners will be selected based on grade point average, ACT scores, individual achievement in high school, participation in parish and state Farm Bureau activities, and financial need. Scholarships will be awarded to winners in initial payments of \$1,000 per semester for 2017-2018. We are very pleased to announce that if this year's winners remain qualified, they may reapply every year to continue their scholarships for a total of 4 years. The amount of money paid to each winner may vary from year to year.

We invite the graduating seniors of 2017 to review the eligibility requirements on the next page. If you qualify, obtain an application from your local parish Farm Bureau, complete it, and return it to that office. Each parish will submit one application for consideration as a state winner.

Find out more by visiting www.lfbf.org/foundation/ or by **contacting your local parish Farm Bureau office.**

**SCHOLARSHIP ELIBILITY
REQUIREMENTS**

YEAR ONE

- Applicants or their parents must be current members of Louisiana Farm Bureau Federation.
- Applicants must have earned a cumulative grade point average of 2.5 or higher for 4 years of high school.
- Applicants must graduate from high school in the spring of 2017.
- Applicants must attend an accredited Louisiana college or university during the fall and spring immediately following their high school graduation. The scholarship may not be deferred.
- Applicants must pursue a curriculum in agriculture, vocational agriculture, agribusiness, agriscience, or other curriculum directly benefiting the agricultural sector of Louisiana's economy
- Scholarship winners must earn a minimum grade point average of 2.5 during the first semester and maintain a major course of study in agriculture for the second semester in order to qualify for the second payment.

YEARS TWO, THREE AND FOUR

- Scholarship winners may reapply to continue receiving their award for the spring and fall terms of each successive year for three additional years. The amount of the scholarship award may vary each successive year.
- Applicants and/or their parents must maintain membership in Louisiana Farm Bureau.
- Applicants must have earned at least a 2.5 GPA for the spring term in order to re-apply for the next fall.
- Applicants must retain a major field of study in agriculture at an accredited Louisiana university in order to qualify for an extension of the scholarship.
- If an applicant fails to maintain eligibility in any spring term, that applicant may not apply for the succeeding fall term.
